The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to dgaplans.org or call 1-877-866-2200. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary/ or call 1-877-866-2200 to request a copy or email your request to eligibility@dgaplans.org.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$325** per person **or** **$975** per family	Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meet the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Certain preventive care services are covered at 100% with no deductible or copayment if rendered by a network provider.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. For non-network dental -- **$50** per person / **$100** per family. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	Network providers: **$1,000** per person. Non-network providers: **$20,000** per person. There is an all-inclusive network out-of-pocket limit of **$9,200** per person / **$18,400** per family. This limit sets a maximum on the amount you pay out-of-pocket in a calendar year on deductibles, copayments and coinsurance.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.

Important Questions	Answers	Why This Matters:
What is not included in the out-of-pocket limit?	Premiums, non-covered expenses, deductibles, balance-billing charges in excess of usual, customary and reasonable charges, specific copayments (including prescription drugs, emergency room care, and UCLA/Entertainment Industry Medical Group services), dental and vision benefits, and health care this plan doesn't cover. The all-inclusive network out-of-pocket limit excludes all of the above except for deductibles, copayments and coinsurance.	Even though you pay these expenses, they don't count toward the out–of–pocket limit.
Will you pay less if you use a network provider?	Yes. For a list of network providers, see dgaplans.org or call (800) 810-2583.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance-billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No, except for specialists at UCLA/Entertainment Industry Medical Group, where a referral is required.	Generally, you can see the specialist you choose without a referral. However, for UCLA/Entertainment Industry Medical Group physicians, this plan will pay some or all of the costs to see a specialist for covered services, but only if you have a referral before you see the specialist.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
