Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$325 per person \$975 per family	Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meet the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Certain preventive care services are covered at 100% with no deductible or copayment if they are rendered by a network provider .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	There are no other specific deductibles .
What is the out-of-pocket limit for this plan ?	Network providers : \$1,000 per person. Non-network providers : \$8,900 per person. There is an annual all-inclusive network out-of-pocket limit of \$9,450 per person / \$18,900 per family. This limit sets a maximum on the amount you pay out-of-pocket in a calendar year on deductibles , copayments and coinsurance .	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , non-covered expenses, balance billing for charges in excess of usual, customary and reasonable charges , specific copayments (including prescription drugs, emergency room care, and UCLA/Entertainment Industry Medical Group services), and health care this plan doesn't cover. The all-	Even though you pay these expenses, they don't count toward the out-of-pocket limit .

Important Questions	Answers	Why This Matters:
	inclusive network out-of-pocket limit excludes all of the above except for deductibles , copayments and coinsurance .	
Will you pay less if you use a network provider ?	Yes. For a list of network providers , see dgaplans.org or call (800) 810-2583.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of- network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of- network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No. However, if your physician is from a UCLA/Entertainment Industry Medical Group, a referral is required to see a specialist.	Generally, you can see the specialist you choose without a referral . However, if your physician is from a UCLA/Entertainment Industry Medical Group, this plan will pay some or all of the costs to see a specialist for covered services, but only if you have a referral before you see the specialist .
